

YSI, Inc. Announces a Leasing Program for the YSI 2300 Glucose Analyzer.

Do you require a glucose analyzer for a short-term study? YSI now offers a leasing program to provide the YSI 2300 Glucose Analyzer to researchers involved in diabetes and endocrinology research and clinical studies.

The Leasing Program is designed to provide quick and easy leasing of the YSI 2300 Analyzer. The program assures the 2300 Analyzer will be properly installed and your team is trained on the analyzer operation.

- Leasing Programs
 - Short-term (1 to 3 months)
 - Long-term (4 to 12 months)
 - Rent-to-own
- On-Site Installation
- On-Site Training
- Validation via IQ/OQ procedures available
